

TRIM-EASE™ LUBRICANT The clean and neat way to prevent scratching and burning by trim bit pilot guides. Applies like a crayon - put it only where you want it; no waste or contamination by excesses. Nonstaining and colorless. No messy spraying. No silicones! Also useful for easing troublesome drawers and slides. Easy to carry in apron pocket or toolbox. Sold in box quantities only for shipping protection. **Cat. No. TM-2**, Size 1/2"D x 4"L, Wt 1 oz, 24/box

Bostik® GlideCote (formerly TOP COTE) TABLE SAW and SLIDING SURFACE LUBRICANT Here's a dry, durable surface lubricant for saw tables, fences, and other frictional tool surfaces. Dries in seconds and provides a dry slip surface that allows wood and other materials to slide almost effortlessly across the surface. It also seals the surface to repel moisture and to reduce rust and corrosion. New fluoropolymer technology does NOT contain silicones or contaminating oils. Aerosol spray can uses environmentally-safe propellant.

Cat. No. GC-1075 (Bostik #207501), 10.75 oz Aerosol Spray Can, Wt 1 lb, 12/ctn

Bostik® BladeCote (formerly DRI COTE) CUTTING EDGE LUBRICANT This cutting edge treatment dries in seconds to provide protection for blades, bits, and other cutting tools. It inhibits glue, pitch, and resin buildup, reduces cutting friction and heat, thereby extending the life of the cutting tool. New fluoropolymer technology does NOT contain silicones or contaminating oils. Convenient aerosol spray can uses environmentally-safe propellant.

Cat. No. BC-1075 (Bostik #206501), 10.75 oz Aerosol Spray Can, Wt 1 lb, 12/ctn

Bostik® BEARING LUBRICANT® Use this on bearings, slides, and all rolling surfaces. Router bit bearings need this type of severe service lubricant. It repels moisture, prevents rust, and because it's dry and not sticky, also repels dust and dirt. No silicones, so it can be used around paintable surfaces. Highly durable for other bearings and frictional surfaces, on hand tools such as slitters, rollers, and shears, as well as power tools. The 5.5 oz aerosol can is handy and easy to use. Environmentally-safe propellant.

Cat. No. BL-55 (Bostik #209405), 5.5 oz Aerosol Spray Can, Wt 9 oz, 12/ctn

HOPE'S PERFECT COUNTERTOP™ This is the new and very popular 100% streak-free cleaner and polish for laminate, solid surface (CORIAN), granite, stone, tile, and most other nonporous surfaces. This unique formula cleans the surface and produces a deep rich shine. Just spray and wipe. Not for floors. Convenient 22 oz spray plastic bottle.

Cat. No. HO-22PC, Wt 24 oz, 12/ctn

HOPE'S® PERFECT GRANITE™

Just spray and wipe and this unique new product cleans granite, marble, & stone surfaces. It leaves no hazy residue. Convenient 22 oz plastic spray bottle.

Cat. No. HO-22GR, Wt 26 oz, 12/ctn

HOPE'S COUNTERTOP POLISH Here's the countertop and cabinet polish that is recommended by virtually every manufacturer of decorative laminates and solid surface materials. It cleans, polishes, hides light scratches, helps protect the surface from staining and scratching, and adds a luster that greatly improves appearance. All shops should use this as a final treatment before delivery, and each customer should buy a bottle for continuing care. Also excellent for cabinets and appliances. Nontoxic, nonabrasive, nonflammable, and very easy to apply. Convenient flip-top 8 oz plastic squeeze bottle.

Cat. No. HO-8CTP, 8 oz Plastic Bottle, Wt 10 oz, 12/ctn
