

El sistema **Gola Plano Rincomatic** se compone únicamente de 2 perfiles: superior-lateral e intermedio, que facilita la instalación vertical y horizontal, evitando las mecanizaciones de módulo gracias al exclusivo clip-gola de Rincomatic. Disponible en gran variedad de acabados

**Flat Gola Profile System of Rincomatic** is comprised of 2 profiles: upper-side and intermediate, that facilitates both vertical and horizontal application, avoiding the machining of cabinet walls thanks to exclusive clip-gola Rincomatic. Available in a wide variety of finishes.

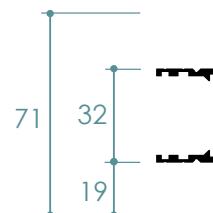

**Le profil de Gola Plat Rincomatic** est un système installé sur un module standard sans spécial usinage. Il est composé uniquement de un profilé Gola Plat supérieur – latéral et un profilé Gola Plat Central. Ils sont installés facilement et sans usinages de caisson grâce à l'exclusif système Clip-Gola de Rincomatic.
